Abstract: To find route cause of COVID-19 in universe and discuss about the impact of corona virus and analysis its birth, cause, secrets and positive things at the support of Advanced NADI astrology method.

Keywords: Mutation, Astronomical, Geo centrically, Zodiac direction, Universe, leading Zodiac direction, connectivity, Retrograde, Parivarthna.

I. INTRODUCTION ABOUT ADVANCED NADI ASTROLOGY

In Advanced NADI Astrology same zodiac direction (East) planets work together based on their astro characters and places at **First level on 30 degree from the point**. The Opposite zodiac direction (West) planets connected in same manner at **Second level on 30 degree from the point**. Leading zodiac direction (South) planets connected same manner at **Third level on 30 degree from the point**. Lagging zodiac direction (North) planets connected same manner at **Fourth level on 30 degree from the point**. So the Advanced NADI describe all planets involved and do any kind work based on its connectivity strength as per the above Rule.

We say the same 0-30 Degree,120-150 Degree,240-270 Degree connected together at first level and 60-90 Degree ,180-210 Degree,300-330 Degree at second level and 30-60 Degree,150-180 Degree,270-300 at third level and 360- 0 degree, 210-240Degree , 90-120 Degree at fourth level on Geo centrically by assume the Earth is the Centre of unknown astrological forces connectivity

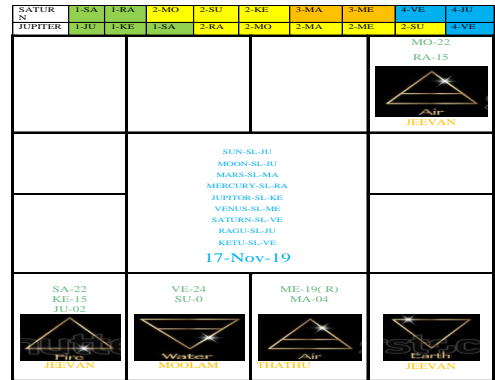

In this connections, we assume that the same at any planets present which place to 1,5,9 connected together at first level and 3,7,11 at second level and 2,6,10 at third level and 12,8,4 at fourth level on birth and based on planetary moments linked together on its connectivity with unknown astronomical forces and take the responsibility of all the universe operations .This is the one point rule of advanced Nadi Astrology . The Retrograde planets are connected same manner at reversely .Also the Parivarthna planetsdo work based on its first connectivity and the end of the time it will be work at inter changeable action.

II. PLANETARY CONNECTIVITY AT ADVANCE NADI, WHEN CORONA VIRUS ON ADDRESSED

On analysis with the support of advance Nadi astrology the Planetary connectivity on corona first addressed at Wuhan on17 Nov 2019, the Saturn (22 degree) travel at Venues Star lord (Asura Guru) at Jeevan Rasi and first connected firey to Airy Ragu at own star lord and activated by the Airey Moon at 22 degree, watery Sun at 0 degree and Firey Ketu at second level connectivity. As per Nadi Rule Karma Karakan Saturn only primary responsible for any kind of work. So that the Saturn forced to create Asura Jeevan .Here the Jeevan(Jupiter) is vary week connection in karma Karakan Saturn connectivity and the venues (the star lard of Saturn) is in Maraka Diraikana at Kala chakra. So it able to kills the human. At the same time to see the connectivity of Jupiter (Jeevan). The Jupiter connected with Ketu's own star lord and connected first level through Ketu to Saturn. So the human's cells are ready to accept the Saturn created mutated corona virus. So the corona virus easily affects the human, also it has been connected at Airey Ragu, Moon, Mars, Mercury and watery Sun. So it able to spread through air water combination of cough, air conditioned room, long air travel, low air temperature country, etc

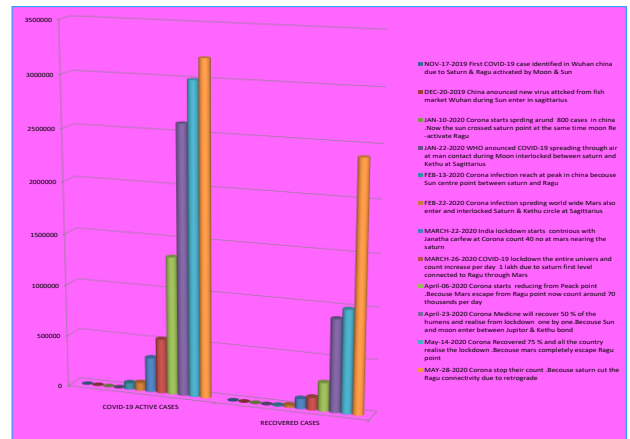

III. CORONA IMPACTS

The corona do not show big role untill Ketu cross the Jupiter point at 10th January 2020 at 14 Degree, then only the virus seriously affect the China because the Jupiter(Jeevan) locked by saturn and kedhu .Also the Ragu first connected to the saturn at own star lord and at airy western rasi so it has been dangrously affected at western cuntries. Further entire planets excpt Mars interlocked by Ragu & Ketu and also Mars enter in this circle on Feb-22, so the entire world administration start to lockdown due to corona impact and start fight against corona virus action all over the world . When the Saturn first connected to the Mars then connected Ragu ,the corona infection attin at peak. It has been happened on 2nd april 2020. But til the Sun /Moon break the Ketu(virus)-Jupitor (Jeevan) corona not stoped their action. It has been be happened on 23rd april 2020 at Sun/ Moon at 9 Deg at Thathu –South East Rasi at Aswini Star load .It has been break the lock and realise the Jeevan(Jupiter) between Saturn and Ketu circle .In addition to that the Medicne may be the form of Chemical/Metlurgy. Because it has been done in the Thathu Rasi also India will do the major role being it placed in South Earsten Country. So in that time the madichine do work against corana virus positively and recover rate increase and infection rate decrease gradually and may 14th , entire lockdown will be realise because the Mars escape from Ragu’s point and also May 28 corona minimise their count because Saturn retrograde and disconnect the Ragu connectivity. Also The complete recover will be held at the inverse from the corona at , when the Jupeter disconnect Ragu’s connectivity. It will be happened on 25th Feb-2021.

IV. CORONA’S SECRET

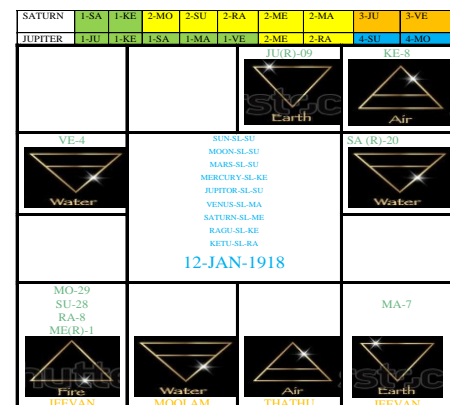

Corona was identified during the cause planet present in sagittarius in the north eastern county. It also the Jeevan Rasi also majorly involved planets are in Jeevan Rasi (ragu, moon, jupiter, ketu) except Sun .So the virus reformed by the suport of man power and Sun only present in watrey Rasi. Sun’s house denot centre eastern country. So the Rusion or North Korien secret agency (North Earsten Country) was did the job as a Bioweapon to attack Centre Western and South western countries (Gemini and Libra) through fish (watery sun) in fish market at Centre Eastern Country in China ,they spread the corona virus (house owner of sun ic leo). Because the chinese populations only highly spread in Western Countries .So they slect the chinise only the best tool to spread this wepon to Western Country .But any way we conclude the nature can able to control or reform the entire things at its own planetary connectivity links and short out the issue at the earliest

V. PAST VIRUS ATTACK HIRSTRY WITH PLANET CONNECTIVITY

A. Spanish flu

Spanish Flu was the deadliest Pandemic in the world has ever known at last century, but we've forgotten it once come out the issue .It also astrologically gives some lead based on its planetary connectivity .Here the Karma karakan Saturn connected to Ketu and it activated by Sun/Moon at the same time Jupiter (Jeevan) connected to Ketu , Saturn, Mars and Venues at first level connectivity at Airy Jeevan Rasi. So the Spanish flu virus created and did the Pandemic deadliest entire world and also its born from non- man power involved manner. Because the Saturn present in Thathu Rasi.

B. Cholera

Cholera was the deadliest Pandemic in the world has ever known at 18th Century. But with reference the Advanced Nadi astrologically it also has been given some lead based on the planetary connectivity .Here also the Karma Karakan Saturn connected to the Ketu ,Jupiter and the same time Jupiter (Jeevan) connected to Ketu , Saturn, Mars at first level connectivity at Watery Moolam Rasi .So the cholera is the water infected base bacteria created Pandemic and did the deadliest entire world and also its born from non- man power involved manner . Because the Saturn present in watery Moolam Rasi.

VI. CORONA'S POSITIVE THINGS

Corona impact created by Karma Karakan Saturn during its 9th hose travel at Kala chakra .So it will be inculcate the many positive things to the universe end of the day.

- Corona affect majorly richest people because the Jeevan(Jupotor interlocked at their Own hose by saturn and Kethu.So that the impact inculcate Darma Marka in all the rich people's mind
- Corona affect majorly 60 year crossesaged person easily because saturn ruled the life year between 60 to 78 years only and also saturn weekly conneted birth chart persons because the saturn only the primary responsible plant this corona cause
- Corona affect majorly male humen because saturn denote male at Nadi rule also it tavel only at male rasi Sagittarius
- Due to corona impact majority humens are heldin insde the home because of lockdown announced.It lead to spent more time to family and thing to know the impartance of family sturture in socity and also deslove the work pressure.
- Corona fear impact to many of the humens involve our ancieint good things like foot hand wasing before entering in to the house , yaga,pranayama,vegitarain healthy foods to improve the immunity.It also lead avoid the drinking,smoking ,non -veg foods
- Corona says once again God is great .Man never says, I am the BIGBOSS(Wellgrowth Western Countries). Now the less than 50 micron virus ruled the world to know the power of god
- Corona now tranding us the impartance and induguality of agriculture,essential goods production,medical fulfillness to all nations .
- Corona now inculcate to follow many of the Indu Dharma once again whole universe .

VII. CONCLUSION

This article helps to predict the virus attack in future to the astrologers at advanced Nadi Astorology method and also it may be a tool to prove the NADI astrology. Also the Schaler should be aware to inculcate on this article an upcoming researchers to improve astrosience facts with the suport of NADI Astrology .
